Online Construction Classes

How to Order

Students in our online construction classes can order their required course books by visiting EZ Books page.

This is also where students can view their personalized booklist for all enrolled courses.

1. Log in with SDSUid credentials.

2. Review the adopted materials for each course.

3. Select desired materials and Add to Basket.

4. Proceed to Checkout.

This will show you the textbook for the class and you can proceed with your purchase.

You are welcome to purchase your textbooks from other vendors, but many students find the SDSU site to be most convenient and our bookstore always stocks the correct editions.

Digital copies of these textbooks may also be available at no cost. Please log in and check the CSU Library Search System for potential book availability.

Course List
